## CITIZENS NOMINATE CANDIDATES.

### An Enthusiastic Rally at Phoenix Hall and Its Work.

The meeting of the Citizens' Reform movement at Phoenix hall last evening attracted a large attendance. The meeting was called to order at 8 o'clock by Chairman Benjamin Harding. After addressing the meeting on the importance of the occasion he appointed the following committees to make up a ticket.

First ward, John Eicholtz, Thomas Colby; Second ward, Scott Wagner, Thomas Gill; Third ward, John Connel, Howell Williams; Fourth ward, John Snowen, Joseph Morris; Fifth ward, John McDonnell, James Quinn; Sixth ward, Stanley Crook, William Abbot; Seventh ward, Joseph Lofus, James Laur; Eighth ward, Roger Hines, James McFale; Ninth ward, John McNamara, William Drury; Tenth ward, E. R. Evans, Edward Nolan; Eleventh ward, James Fitzpatrick, George Dendie. The committee after half an hour's deliberation, submitted the following ticket which was unanimously carried.

Burgess, Thomas Maloney; auditor, Tallie Evans; high constable, John Hines; tax receiver, William Drury. On motion of M. N. Donnelly the committee was empowered to endorse all candidates for ward offices that they might deem advisable. After considerable denunciations talk the meeting adjourned to meet at the call of the chairman.

The meeting was a most harmonious one throughout. What was especially noticeable was the large attendance of the representative business men and property owners of the city. The placing in nomination of ward officers will be attended to in the near future.

## DEMOCRATIC PRIMARIES HELD.

### Maloney for Burgess Receives No Opposition—Other Results.

The Democratic primaries were held yesterday and resulted in the election of the following delegates for Burgess: First ward—Martin Healey; Second ward—George Bentley; Third ward—Thomas Long; Fourth ward—Frank Daley; Fifth ward—Daniel Connel; Sixth ward—Martin Laughney; Seventh ward—J. C. Reap; Eighth ward—J. C. Reap; Ninth ward—J. C. Reap; Tenth ward—J. C. Reap; Eleventh ward—Thomas Cummings. As there are but eleven wards in the borough Mr. Maloney carried all but two.

The following Democratic nominations in the several wards where vacancies are to be filled were made last evening:

First ward—School director, A. J. McCormack; Second ward—Council, A. J. Clifford; school director, John Lyott; Third ward—School director, M. J. Lang; council, M. J. Lyott; Fourth ward—Council, J. H. Tighe; Fifth ward—Council, John Gordon; school director, Frank Tracey; Eighth ward—Council, George B. Reap; school director, Alex Bryden; Ninth ward—School director, John McNamara; council, M. N. Donnelly.

John J. Jordan was endorsed by the First, Second and Third wards for justice of the peace, and M. Lyons, of the Ninth ward, also for justice of the peace.

## EX-BURGESS BARRETT OUT.

### He Will Not Be a Candidate Against Burgess Maloney.

Edward Barrett, who has been a candidate for the office of Burgess, subject to the decision of the Democratic borough convention, withdrew from the fight yesterday in a published card. In declining he says:

"After carefully considering the situation, I have come to the conclusion that I would not at present be a candidate for the office of Burgess of this town. I became a candidate for the first place with the understanding that Mr. Maloney would not again seek the office, and the positive assurance that he is again an applicant for the position causes my withdrawal. I yield to no man in my desire for a pure and honest administration of the affairs of this borough. Had I decided to seek the office of chief magistrate of the town it would be with a definite plan for public improvement, and the correction of any abuses that might exist. I take no stock, however, in the wild rumors that are being circulated about the present incumbent, and I hold that it is wrong to besmirch the characters of public men without adequate evidence. I sincerely thank my friends for the support they have so far given me."

Miners' bank—The old board of trustees were re-elected as follows: R. D. Lacey, J. L. McMillan, Andrew Bryden, M. W. Morris, A. A. Bryden, George Johnson, Thomas Maloney, Alexander Craig, Thomas Mangau. The trustees will meet today to elect officers.

## The Fad For Cozy Corners.

Everywhere nowadays one is confronted with schemes for the fitting up of cozy corners and odd nooks. It is a fad in furnishing that has certainly taken hold among the fair sex, and judging from present indications will show no diminution in the immediate future.

For this fashion we are undoubtedly indebted to our English cousins, among whom this feature in furnishing has attained even greater popularity than on this side of the water. The English upholsterer now sells the "cozy corner" as an article of furniture easily removed

able from one house to another. These, however, are rather too expensive for the average purse, and therefore the person having but a limited amount of money to expend in this direction may be obliged to study ways and means to obtain the result at a smaller outlay. This, happily, one can easily do by the choice of one of the numerous schemes available for production by amateur effort. Such, for instance, as the one here reproduced from The Decorator and Furnisher, which says: "There is one thing, however, in the choice of a design that should be kept in view, and that is to choose something in keeping with the personality of the mistress of the house."

"One should never lose sight of the question of utility, and remember that satisfactory results are attainable only by the judicious selection of the right things for the right place—both as regards form and color—and not by a multiplicity of objects thrown together haphazard. What in the most artistic schemes of furnishing may appear to be unstudied carelessness is indeed the result of the most profound study, reinforced of course by natural good taste."

## Scotch Macaroons.

The Baker's Helper gives this formula: Two and one-half pounds of sugar, 14 pounds of lard, 5 eggs, 2 ounces of soda, 2 quarts of molasses, 1 pint of water, 4 pounds of flour, 3 pounds of crumbs. Make icing with eggs, with the addition of a little cream of tartar. Make icing quite thin, so as to spread easy, roll out dough, spread icing over it and cut in small strips about 14 inch by 3 inches. The cakes will spread and icing will break on top like macaroons. Oven must be moderate. Should icing not break well, add more cream of tartar. A little experimenting will make the prettiest cookies ever made.

To keep tins in a state of dazzling brilliancy, wash them inside and out with hot water and soda. Dry them and rub the outside with a paste made of whitening and water.

## THE HEART

is liable to great functional disturbance through sympathy. Dyspepsia, or indigestion, often causes it to palpitate in a distressing way. Nervous Prostration, Debility and Impoverished Blood, also cause it to palpitate in a distressing way. Many times, Spinal Affections, cause it to labor unduly. Sufferers from such Nervous Affections often imagine themselves the victims of organic heart disease.

**ALL NERVOUS DISEASES**, as Paralysis, Locomotor Ataxia, Epilepsy, or St. Vitus's Dance, Sleeplessness, Nervous Prostration, Nervous Debility, Neuralgia, Melancholia and Kindred Affections, are treated as a specialty, with great success, by the Staff of the Invalids' Hotel, For Pamphlet, References, and Particulars, enclosing 10 cents, in stamps for postage.
